

HAS YOUR BICSI CREDENTIAL EXPIRED?

You can now regain your BICSI RCDD credential **without** sitting another exam. You simply need to have:

- attended the BICSI RCDD DD102 class
- the full requirement of 45 CEC's (the above class counts towards 37 of these)
- a conference credit or a further 15 CEC's
- paid the reinstatement fee

This is available to any credential holders who have had a lapsed certification for no more than 6 years past the last renewal date.

Find out more information by emailing bicsi@networkscentre.com.
